

EVERCOLD®

MODEL

DESCRIPTION

EVERCOLD

Part # WI-WIC400S

Shipping Weight: 36 lbs.

Undercounter instant chilled water unit hooks up to any of our EverHot dual faucets when used with EverHot unit. Requires a single accessory faucet when installed separately.

Cold control is located inside the cabinet with easy external dial. Construction of waterways is made of the highest quality lead free materials (304 stainless steel).

Installation is quick and easy with 1/4" quick connect fittings.

Cooling: The refrigeration system is hermetically sealed to virtually eliminate refrigerant gas leakage. Contains HFC 134a refrigerant gas, which offers a zero ODP (Ozone Depletion Potential). The cooling unit is a maintenance-free 1/2 HP compressor protected by automatic restarting motor cut-off. Condenser is air cooled. External tube evaporator.

Cabinet: Powder coated galvanized steel. Supplied with 3' long insulation.

Electrical: 2.07 Amps, 115 Volts, 60 Hz, monophase. Includes 6' electrical cord with 3-prong plug.

Capacity: 1.75 gallons (6.6 liters) per hour of 43° - 52° F drinking water, based on 90° F inlet water. Refrigeration tank has 1.2 gallon capacity (4.4 liters). Easy Access drain plug.

Dimensions: Width: 10 1/2" • Height: 11 1/2" • Depth: 15 1/2"

**LIMITED QUANTITIES

DESCRIPTION

EVERCOLD® CHILLED & AMBIENT water package

Chrome Faucet Package (chiller is included)

Part # WI-WIC1310AC-CH

Shipping Weight: 41 lbs.

Satin Nickel Faucet Package (chiller is included)

Part # WI-WIC1310AC-SN

Shipping Weight: 41 lbs.

NEW! EVERCOLD CHILLED & AMBIENT WATER PACKAGE.

Experience the luxury of chilled water with the added versatility of ambient water, dispensed from our Enduring dual-lever faucet. The left side of the faucet will dispense ambient (room temperature) water, and from the right side you can enjoy chilled water.

EverCold chiller is included in the package.

CHILLED & AMBIENT FAUCET ONLY

Buy the faucet only if you already have the EverCold chiller, and want to add the option of room temperature water, all from the same dual-lever faucet.

Chrome Faucet (chiller not included)

Part # WIFA1310AC-CH

shipping weight = 5 lbs.

Satin Nickel Faucet (chiller not included)

Part # WIFA1310AC-SN

shipping weight = 5 lbs.

Meets National Lead Laws including NSF 372 - 2011 Drinking Water System Components - Lead Content and S.3874, Reduction of Lead in Drinking Water Act, CAAB 1953 and VT Act 193.

MAXIMUM recommended line pressure for this product is 75 PSI. Pressure above 75 PSI indicates the absence of a properly functioning water pressure regulator at the property. Excessive water pressure poses a risk of property damage to you. Problems due to excessive water pressure are NOT covered by this product's warranty. **BEFORE** installation of any Water, Inc. product, confirm that water supply pressure does not exceed 75 PSI. Questions? Contact Water, Inc. Service Depart. at 800.322.WATER(9283)

Installations must comply with appropriate plumbing codes. Do not use vinyl tubing to connect any Water, Inc. Product to a water source. Polyethylene tubing is recommended for cold water applications.
